U.S. PATENT & TRADEMARK OFFICE

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

An Office Action dated December 5, 2001, together with a copy of the reference cited therein was received at the correspondence address of record of the undersigned on January 29, 2002. The shortened statutory period to respond was set to expire March 5, 2002.

In accordance with the criteria set forth in MPEP 710.06, the undersigned encloses, as evidence to establish a delay in receipt of outgoing mail from the Office, a copy of the Office action transmittal sheet (PTO-90C) having stamped thereon the date of receipt of the Office action at the correspondence address.

The undersigned states that the date of receipt of the Office action is January 29, 2002 at the correspondence address and further states that, as a strict procedure by the firm, the date of the receipt stamp indicates the day the stamped paper arrived at the correspondence address. Accordingly, it is submitted that the evidence being presented establishes the date of receipt of the Office action at the correspondence address.

Since the Office action was received at the correspondence address with less than two months remaining in a shortened statutory period of three months, applicant petitions that the time for response be restarted as of the date of receipt of the Office action, that is, as of January 29, 2002.

Granting of the petition is respectfully requested.

Respectfully submitted,
